

SHADOW®

Phantom®

Black Color Exam Gloves are the preferred choice of tattoo, body piercing and make-up artists as well as beauty salon professionals because these gloves mask stains, inks and dyes. Their distinct color stands out and allows law enforcement, correctional and homeland security staff, and postal personnel to quickly identify potentially unsafe light-colored substances.

These gloves are tough on the job and great for mechanics, manufacturing and printing crews. They mask grease, stains and inks and will last through the entire work shift. When you demand the most comfortable fit and feel with the best barrier protection in black color exam gloves, look no further than Night Angel®, Shadow® and Phantom® from Adenna Inc.

BLACK NITRILE POWDER FREE EXAM GLOVES

- Ultra soft and super flexible
